

# HOME BASED SERVICES OPTION — OUR CENTERS

The health and safety of our clients and staff is of the utmost importance to our organization. With the increased concerns in our community regarding the spread of the coronavirus (COVID-19), we are making some immediate changes to our center-based programs. Our aim is to provide consistency in service to the best of our ability while keeping the health of our clients and staff the top priority.

**Effective Monday, March 16th we are offering the option of home-based services for all our center-based clients. Shifting to home-based services offers the following benefits;**

1. Maintain continuity of services in the event of a center closure that might be mandated in the future by state or local authorities
2. Reduce the risk of any potential community-based transmission of coronavirus by decreasing group interactions.

We will also be working to create \*daytime\* hours as many of our kids will not have their usual school hours in the coming weeks. Please let us know as soon as possible if you would like to take advantage of this opportunity and we will do all we can to align our staff and scheduling to meet the needs of your family. At this time our centers will remain open as we continue to monitor all relevant health and safety information.

**For more information on the additional safeguards we have enacted, please visit our website at [www.bciaba.com](http://www.bciaba.com).**
